Can you help him?

2. Colour the pictures that start with the letters 'b' and 'd' only.

This section contains two parts. The top part is a rectangular box with a dashed outline. Inside, there is a moon, a bear, and five lowercase 'b's. The first 'b' is solid, and the others are dashed for tracing. Below the box is a set of three horizontal lines (top, middle, bottom) with a pencil icon at the start. The letter 'b' is written on the lines, followed by four dashed 'b's for tracing. The bottom part of the section shows six line drawings: an open cardboard box, a car, a butterfly, a handbag, a bunch of bananas, and a bicycle.
